Md. Mojnu Miah

Front-End Web Developer (React.js, Next.js, Tailwind CSS, JavaScript) Dhaka, Bangladesh
https://mojnu.vercel.app | 01788262433 | thisismojnu@gmail.com| LinkedIn | GitHub

Professional Summary

Front-End Web Developer with 1+ year of professional experience building responsive, high-performance web applications using **HTML5, CSS3, JavaScript, React.js, Next.js and Tailwind CSS**. Skilled at converting UI/UX designs into clean, **responsive, cross-browser interfaces**, with hands-on experience in **Git & GitHub**-based collaborative workflows. Proven ability to deliver pixel-perfect, accessible, and maintainable code for global teams. Strong communicator with a collaborative mindset, committed to writing **clean, reusable code** and meeting deadlines.

Core Skills

- **Markup & Styling:** HTML5, CSS3, Tailwind CSS, Bootstrap, Vanilla CSS, Material UI, Shadcn
- **Programming:** JavaScript (ES6+), TypeScript
- **React.js** (Hooks, Suspense, Server Components)
- **Responsive & UI Conversion:** Mobile-first responsive design, converting UI/UX designs into pixel-perfect web pages
- **Version Control:** Git & GitHub (open-source collaboration, 300+ commits on a public repo)
- **State Management:** Redux Toolkit, Zustand, Context API
- **Next.js** (App Router, SSR, SSG, ISR, API Routes)
- **Data Fetching:** REST API, Browser Fetch API, Axios, React Query (Familiar), RTK Query (Familiar)
- **Authentication & Backend Integration:** JWT Authentication, Firebase (Firestore, Authentication, Cloud Functions), Prisma

Professional Experience

Frontend Engineer – XEREXA SOFTWARE
Sep 2025 – July 2026: Design and develop responsive front-end interfaces using React.js and Tailwind CSS, converting UI/UX designs into pixel-perfect, cross-browser web pages. Collaborate closely with UX designers and backend developers using Git/GitHub workflows. Delivered 4+ projects and designed all landing pages.

Staff – PUSTCSE EDGE PROJECT
Jan 2024 – April 2025: Maintained websites and internal tools for project management, including Excel, MS Word, and data visualization, alongside administrative tasks.

Key Projects

Farhan MCQ – Job Preparation SaaS Platform
Tech Stack: Next.js, TypeScript, Tailwind CSS, shadcn/ui, JWT Auth, Redux, Prisma, PostgreSQL

Source Code: Private • Live: https://farhanmcq.com

DEMO ADMIN USER: 01788262433, Password: admin1234 **DEMO USER:** 01788262433, Password: user1234

- Founded and built a subscription-based SaaS platform for Bengali-language MCQ exam preparation (BCS, Bank, Primary Teacher, NTRCA), including the landing page, feed, and admin dashboard.
- Implemented secure JWT-based authentication with Facebook-style sign-up, login, and session flows for user access across the platform.
- Built an admin broadcast automation center that dispatches content to Telegram and Facebook using BullMQ job queues, and integrated multiple third-party AI APIs (Mistral, Gemini, Claude) for AI-powered question generation.
- Designed reusable, responsive UI components with Tailwind CSS and shadcn/ui, and managed application state across the feed, auth, and admin modules using Redux.

React Bangla Tutorial – Open Source React Documentation
Tech Stack: Next.js, Fumadocs, MDX, Tailwind CSS

GitHub Repo • Live Demo

- Built and maintained an open-source Bengali React documentation site, making React learning accessible for Bangla-speaking developers.
- 300+ commits of structured MDX content covering official React topics with easy-to-understand explanations and examples — demonstrating consistent Git/GitHub workflow.
- Earned 38 stars and 15 forks from the community.
- Deployed on Vercel with Next.js for fast, SEO-friendly documentation pages.

Education

B.Sc. in Computer Science & Engineering
Pabna University of Science & Technology
March 2018 – February 2024

Technical Leadership & Community

Author – React JS Bangla Tutorial: Open-source React documentation in Bengali.

Mentoring – Guided junior developers through my Discord and Youtube channel and contributed to open-source projects.

Training – Reactive Accelerator Course by Learn With Sumit, and Programming Hero: Complete Web Development
